Thanks must go to Brian Walkling for organising this with the hotels

Our informal meeting at the Globe on 27th December has already been booked and arranged by John Batten for 12 Noon onwards.

Club Service will also look after the welfare of its members, past members, widows and anyone else who may need our help. If anyone is having a hard time we need to know about it.

Membership will be in the reliable hands of Peter Simmonds.
I would remind members that they should always be on the lookout for new members especially in the 45 age group. District will look to us for a net gain of 2 members.

Once we have a new member special care should be taken to make him feel that he really belongs. That responsibility lies with every member of the club but Club Service will take a special interest.

Raids will be looked after by Bert Price and a raids program will soon be with us.

It has been proposed that on the Saturday night of conference that some members would enjoy a meal out at a restaurant in Eastbourne and this is being looked into.

Social Events

I have organised another night out at the Marlowe to see GREASE on Saturday 24th September including the not to be missed meal at the Phoenix

Mr. Tony Clark is to exercise his right as a Freeman of Hythe to drive a flock of sheep thro' Hythe High Street. Time and date to be arranged.
We should have some fun with this one and perhaps raise a bit of money to boot.

Float for the Venetian Fete. Start of build will be this month.

If anyone has any issues please let me know and we WILL listen
If we don't know we cannot do anything about it .

We all know we've got the best club in district lets keep it that way and with Malcolm in the chair I'm sure we'll have a great year..
